COOLCASK

Stylish compact water coolers

This stylish new concept in water coolers provide consumers with a healthy supply of high quality spring water for the smaller office. The sleek and mobile designed water cooler offers a cost-effective and portable supply of naturally refreshing spring water. With the Bag in Box technology you have a long shelf that makes the Coolcask the ideal low cost, green replacement for small pack bottled water.

All our coolers are installed by WRAS trained and CRB registered directly employed engineers who ensure a professional service that meets the current BWCA drinking water regulations.
